

ACHMAD FIKRI ABDILLAH

Web Developer

I am a highly motivated fresh graduate with a strong passion for technology and web development. I have hands-on experience in building a functional e-commerce website for herbal medicine, showcasing my ability to create user-friendly and efficient solutions. With a solid foundation in HTML, CSS, JavaScript, PHP, and Laravel, I am eager to contribute to innovative projects and continue developing my skills in the fast-evolving tech industry.
